Sian is Creative Director at Left Bank Pictures, after working as Head of Development at Wild Mercury, Derek Wax's label within Endemol. Prior to that she worked with Derek on the second series of the hit Kudos/C4 series HUMANS, which she script edited.

Sian started her career at The Writers' Company, working with writers like Emma Frost, Stephen Russell and Lisa McGee. Sian is a proud Northerner who knows that all good writer relationships start with a damn good brew.
