Devoured 2018 propolis books	1973. Swallow's Farmhouse in deep, rural Norfolk is home to Your People, a commune of free-thinkers and poets seeking a better way. But beneath the veneer of a nurturing, alternative lifestyle, an atmosphere of jealousy and threat is pushing utopia towards the brink of its inevitable collapse. Raising herself amidst the chaos is a twelve year old survivor, desperately preoccupied with her transition into womanhood. With her mute sister, beloved dog and the re-defining force of her emerging appetites, she marches resolutely towards her future, venturing - with hilarious and horrifying results - through the minefield of an adult world built on hypocrisy and misplaced ideals.
