

## Sasha Swire

Author / Diarist

**Edgeland**, Little, Brown - September 2023

**From the bestselling author of *Diary of an MP's Wife* comes a beautiful discovery of Britain's great coastal path**

In *Edgeland*, the political diarist Sasha Swire escapes the confines of Westminster to walk the northern stretch of the South West Coast Path. Starting at Minehead in Somerset, she follows the well-trodden path to Land's End in Cornwall, walking it in sections over a decade-long period, returning each year like a migratory bird.
