This beautifully written and gorgeously produced book describes the remarkable lives and times of the John Tradescants, father and son.

THE ROSE

2010

Atlantic

In *The Rose*, the acclaimed horticultural historian Jennifer Potter shows what, exactly, gives this most fragrant flower its potency in societies around the world. Beginning her story in the Greek and Roman empires, she travels across Europe, the Middle East, Asia and the Americas to unravel its evolution from a simple briar of the northern hemisphere to the height of cultivated perfection found in rose gardens today. Whether laying bare the flower's long association with sexuality and secret societies, questioning the Crusaders' role in bringing roses back from the Holy Land, or hunting for its elusive blooms in the gardens of the Empress Josephine at Malmaison, Jennifer Potter reveals why this flower, above all others, has provoked such fascination.
