

## Joe Abercrombie

Joe Abercrombie was born in Lancaster, England, on the last day of 1974. He was educated at the stiflingly all-boy Lancaster Royal Grammar School, where he spent much of his time playing computer games, rolling dice, and drawing maps of places that don't exist. He went on to Manchester University to study Psychology. The dice and the maps stopped, but the computer games continued. Having long dreamed of single-handedly redefining the fantasy genre, he started to write an epic trilogy based around the misadventures of thinking man's barbarian Logen Ninefingers.

## **THE WISDOM OF CROWDS**

2023

Gollancz

Concluding the AGE OF MADNESS trilogy, THE WISDOM OF CROWDS brings the series which is revolutionising fantasy to its stunning conclusion. . .

Chaos. Fury. Destruction.

The Great Change is upon us . . .

Some say that to change the world you must first burn it down. Now that belief will be tested in the crucible of revolution: the Breakers and Burners have seized the levers of power, the smoke of riots has replaced the smog of industry, and all must submit to the wisdom of crowds.

With nothing left to lose, Citizen Brock is determined to become a new hero for the new age, while Citizeness Savine must turn her talents from profit to survival before she can claw her way to redemption. Orso will find that when the world is turned upside down, no one is lower than a monarch. And in the bloody North, Rikke and her fragile Protectorate are running out of allies . . . while Black Calder gathers his forces and plots his vengeance.

The banks have fallen, the sun of the Union has been torn down, and in the darkness behind the scenes, the threads of the Weaver's ruthless plan are slowly being drawn together . . .

## **THE TROUBLE WITH PEACE**

2020

Gollancz

Second in the AGE OF MADNESS trilogy, THE TROUBLE WITH PEACE is the next instalment of a series which is revolutionising fantasy . . .

Conspiracy. Betrayal. Rebellion.

Peace is just another kind of battlefield . . .

Savine dan Glokta, once Adua's most powerful investor, finds her judgement, fortune and reputation in tatters. But she still has all her ambitions, and no scruple will be permitted to stand in her way.

For heroes like Leo dan Brock and Stour Nightfall, only happy with swords drawn, peace is an ordeal to end as soon as possible. But grievances must be nursed, power seized and allies gathered first, while Rikke must master the power of the Long Eye . . . before it kills her.

Unrest worms into every layer of society. The Breakers still lurk in the shadows, plotting to free the common man from his shackles, while noblemen bicker for their own advantage. Orso struggles to find a safe path through the maze of knives that is politics, only for his enemies, and his debts, to multiply.

The old ways are swept aside, and the old leaders with them, but those who would seize the reins of power will find no alliance, no friendship, and no peace, lasts forever.

**HALF A KING**

2014

HarperVoyager

Yarvi, second son of the feared King Uthrik and the ruthless Queen Laithlin of Gettland, was born with a useless hand, and cannot hold a shield, or make fast a knot, or pull an oar, or do any of the things expected from a man. Left an outcast, he's surrendered his birthright and been given a woman's place as apprentice to Mother Gundring, Gettland's Minister, training to be an adviser, diplomat, healer and translator. But when his father and brother are murdered by Grom-gil-Gorm, King of neighbour-ing Vansterland, Yarvi is forced to take the Black Chair and become king himself – or half a king, at least – swear an oath of vengeance against the killers of his father, and lead a raid against the Vanstermen. Betrayed, left for dead, and enslaved on a rotting trading galley, Yarvi will need all his Minister's wit and cunning to escape, and all his diplomacy and knowledge to keep a rag-tag band of other slaves together on a month long trek across the frozen wastes of the utmost north. Father Peace may be the patron god of Ministers, but to reclaim the Black Chair, Yarvi will have to strike a deal with Mother War, and once you've invited the mother of crows to be your guest, there can be no telling whose blood will be spilled . . .

<b>Red Country</b> 2012 Gollancz	The First Law trilogy was Joe's take on the great epic fantasy tales. Then, in BEST SERVED COLD he took on a fantasy version of a classic revenge story, and we have a superb tale of war waged in the frozen north still to come. With this, his next novel, Joe Abercrombie is once again venturing in a new direction, and on a new adventure, with one of the most enduring, powerful and popular characters of the First Law Trilogy. It's going to be their biggest challenge yet ... This book will be published on 18 October 2012.
<b>The Heroes</b> 2011 Gollancz	Joe Abercrombie is the most successful fantasy novelist of his generation, with a remarkable, cynical and powerful voice cutting through the cliches of the fantasy genre to create something compelling and exceptionally commercial. With a strong core readership already behind him, each new novel breaks new ground - the epic fantasy quest in The First Law Trilogy, revenge fantasy with the hit BEST SERVED COLD, and now, with THE HEROES, venturing into the dangerous and topical territory of war. Set over three days, in the same world as BEST SERVED COLD, the action is compelling and fast, the battlefield is muddy, bloody and horrible and Joe Abercrombie uses his fantasy setting to explore violence and ambition, strategy and the truism that no plan survives contact with enemy. The characters are the stars, as ever, and the message is dark: when it comes to war, there are no heroes . . .
<b>THE HEROES</b> <b>Paperback</b> 2012 Gollancz	
<b>Best Served Cold</b> 2009 Gollancz	Springtime in Styria. And that means war. There have been nineteen years of blood. The ruthless Grand Duke Orso is locked in a vicious struggle with the squabbling League of Eight, and between them they have bled the land white.
<b>Last Argument of Kings: Book 3 of The First Law</b> 2008 Gollancz	The end is coming. Logen Ninefingers might only have one more fight in him but its going to be a big one. Battle rages across the North, the King of the Northmen still stands firm, and theres only one man who can stop him. His oldest friend, and his oldest enemy. Its past time for the Bloody-Nine to come home. With too many masters and too little time, Superior Glokta is fighting a different kind of war.
<b>Before They Are Hanged: Book 2 of The First Law</b> 2007 Gollancz	Bitter and merciless war is coming to the frozen north. It's bloody and dangerous and the Union army, split by politics and hamstrung by incompetence, is utterly unprepared for the slaughter that's coming. Lacking experience, training, and in some cases even weapons the army is scarcely equipped to repel Bethod's scouts, let alone the cream of his forces.
<b>The Blade Itself: Book 1 of The First Law</b> 2007 Gollancz	Inquisitor Glokta, a crippled and increasingly bitter relic of the last war, former fencing champion turned torturer extraordinaire, is trapped in a twisted and broken body - not that he allows it to distract him from his daily routine of torturing smugglers.
